Agenda

- 6.30 p.m.: Welcome and introductions.
- 6.35: City Council Updates: Sharon Bushor
- 6.45: Speak Out
- 6.55: Presentation by Burlington Electric Department:
Ken Nolan, Mgr Power Resources, will be talking about BED's "Integrated Resource Plan" (IRP), BED's 20-year Business Plan for filing with the State in September. We will hear about content, results and public process going forward.
- 7.15: Feedback from DPW regarding projects big and small in Ward 1, mainly along Colchester Avenue. We have been invited to participate in discussions on "complete streets" and "Colchester Ave redesign," but what about more minor enhancements that have long been promised and are needed NOW??!!
- 7.30: Frank Von Turkovich will join us again to discuss updated plans for development of properties he and his partners have acquired on Fletcher Place and Colchester Avenue. This excited great interest when initial plans were presented to us; we look forward to some answers to our questions and insight as to how the plans are now moving forward.
- 8.00: Close

There is ample parking adjacent to the Schmanska Park Barn and in the parking lot across Grove Street from the Park; and we've brought forward our start time to ensure the Meeting is concluded in daylight hours! All neighbors and near neighbors are enthusiastically invited; see you there.
