

FIRE PROTECTION AND PREVENTION –
Installation and Maintenance

That Chapter 13, Fire Protection and Prevention, of the Code of Ordinances of the City of Burlington be and hereby is amended by amending Sec. 13-54 thereof to read as follows:

Sec. 13-54. Installation and maintenance.

The cost of any connection to the municipal fire alarm system, as well as all other costs due to the installation of any master box, shall be borne by the party installing the system. All installation and maintenance work on a master box and/or alarm system shall be performed by state-licensed fire alarm installers and shall be subject to the approval of the fire marshal. An initial connection fee of ~~\$450~~ \$550 shall be paid to the City by the owner of the property upon which the master box or alarm system is installed for the computer programming and signal strength testing by the City's alarm technician which is required to connect the Master Radio Call Box (MRCB) to the Burlington Emergency Communication Center (BECC) . A reprogramming fee of \$150 shall be paid by the owner for any modification to an existing MRCB that requires reprogramming and testing by the City's alarm technician. Any additional work required on the MRCB system other than those specified in the City's alarm technician's MRCB programming guide shall be subject to a charge of \$75/hr of the City's alarm technician's time. It shall be the property owner's responsibility to maintain the master box on his premises in working condition and good repair at all times.
